 APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit is subject to the condition that the permittee must ensure that wildlife which have customarily used such water will have access thereto, NRS 533.367.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.05 cubic feet per second, but not to exceed a yearly duty of 4.0 acre-feet per acre of land irrigated from any and/or all sources, and not to exceed 2.0 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before December 14, 1985

Proof of completion of work shall be filed before January 14, 1986

Application of water to beneficial use shall be made on or before December 14, 1987

Proof of the application of water to beneficial use shall be filed on or before January 14, 1988

Map in support of proof of beneficial use shall be filed on or before January 14, 1988
